#### **Secretary – Jen May**

The Secretary took minutes on 20Oct21 for the Annual Meeting of WMSC. In addition, minutes were completed for calls on 13Dec21, 2Feb22, 24April22, 31May22 and 17June22.

#### **Sanctions Report – Melinda Mann**

Wisconsin Masters sanctioned 9 events this past season. We kicked off the season in November with the Baraboo meet and finished in June with the Summer Fun Meet in Brookfield.

The online sanctioning process suffered a virus attack in November of 2021. This shut down the online sanctioning process while USMS worked to resolve the issue. In December of 2021, USMS re-opened the online sanction request system. Event directors were now required to complete both the online request

form and upload all documents to Survey Monkey. (A link was provided to Survey Monkey on the sanction request form.)

Using the new system was not a smooth process. Numerous meet directors could not find any link to Survey Monkey to upload their documents. Eventually I requested the meet directors send their documents directly to me. I would upload them to Survey Monkey and then they would be placed in a WI dropbox folder. USMS Event Services would then review them and upload them to the calendar listing. However, this system didn't always work either as many requests to update meet postings were never updated by USMS.

Hopefully things will be operating efficiently for the new season starting this fall!

### **Open Water/Long Distance Chair - Jennifer Vallo**

There were a few local, non-sanctioned events that were well attended by Wisconsin Masters Swimmers in 2022: Big Swell Swim in June (Devil's Lake) and Big Shoulders (Chicago, IL) in September. USA Triathlon sponsored a 750-meter swim as a kickoff to the National Championships in August held in Milwaukee.

USMS sponsored the following Open Water National Championships in 2022:

July 9: Sprint Distance-Brogan, Lake Erie, OH (canceled due to high winds)  
July 31: Middle Distance-Santa Cruz, CA  
August 13: 2-Mile Cable-Lake Placid, NY  
August 20: Marathon Distance-Lake George, NY  
August 27: Long Distance-Del Valle, CA  
August 28: Sprint Distance 2.0-Del Valle, CA

USMS Open Water National Championships scheduled for 2023:

July 8: Ultramarathon Distance-Portland, OR  
July 13-2-Mile Cable-Foster Lake, OR  
July 15-Marathon Distance-Applegate Lake, OR  
August 12: Middle Distance-Lake Oahe, SD  
September 16-17: Long Distance-Lake Mission Viejo, CA  
September 16-17: Sprint Distance-Lake Mission Viejo, CA

USMS sponsored several virtual and fitness events throughout the year to help keep us motivated and in the pool.

USMS will again sponsor ePostal events for 2023:

January 1-31: 1-Hour ePostal  
May 15-September 15: 5k/10k ePostals  
September 15-November 15: 3000/6000 ePostals

I've decided to change my featured newsletter article a bit this year to 'Meet your Wisconsin Masters Committee Officers' and am very excited to share behind the scenes stories and let our members get to know the officers better.

### **Fitness Chair – Melodee Liegl**

Hosted the 2021 Water Warriors with 22 participants this year. Everyone was a winner due to restrictions on pools. Maybe that will change this year?

### **Communications Chair – Carl Millholland**

As Communications Chair, I take responsibility for publishing the LMSC newsletter four times a year and managing the Wisconsin Masters Website. I am also the Administrator for the Wisconsin Masters Swimming Facebook page.

The newsletter was published six times year-over-year, covering notification of up-coming events and recaps of past events including Nationals, a message from the LMSC Chair, new state records and accomplishments, and other news of interest to members about open water and pool events. In 2021 I began a "From the Archives" column featuring a newsletter item from years past. I also received paper copies of newsletters dating back to 1989, which were scanned and posted on the Wisconsin Masters Swimming website.

Membership on the Facebook page has grown from 310 members on October 10, 2021, to 358 members on October 7, 2022; an 11.5% increase year over year. Roughly one third of the members came from the greater Milwaukee area, one third from the greater Madison area, and one third from other locations, including some Illinois and other out-of-state residents. I rejected 8 member requests, as they came from foreign countries and appeared to attempt to spam the page. Members are automatically accepted if the requestor has at least one friend who is already a member of the Facebook page. 61 posts were made during the year, with Bobby Wu as our top contributor.

### **Webmaster – Jim Brandon**

During 2022 I maintained the website by posting newsletters, announcements, meet results and records. I also monitored the Wisconsin Masters Swimming Facebook site which continues to grow.

After several years of serving as webmaster, I've decided it is time for me to step back from this position. I've enjoyed serving, but due to other commitments I am no longer able to continue with this.

### **Audit Chair – Elyce Dilworth**

I reviewed the monthly financial reporting packages, year-end financial statements and budgets. I also filed the Form 990-N with the IRS and completed the annual report for the WI Dept. of Financial Institutions.

### **Safety Chair – Jerry Lourigan**

I don't know of any issues we have had this last year with safety concerns. Some other things that help keep are meets safe is someone monitoring the deck; this person usually acts as a Host at the swim meet. Steve Justinger is a very good example of acting as a host. A coach or someone with safety and coaching experience running the lanes for starts at the swim meet adds a layer of safety. This person helps with starts but also should be monitoring for safety.

### **Top 10 Recorder –Jeanne Seidler**

In the past reporting period, many swims and relays placed in the USMS Top 10.

2022 SCY: 61 individual and 17 relay, 4 individual swims and 1 relay were All-American swims.

2021 SCM: 39 individual and 4 relay, 1 relay swim was an All-American swim.

2021 LCM: 34 individual and 6 relays, 3 individual swims were All-American swims.

The 2022 LCM is not yet reported by USMS and the 2022 SCM is reported in January/February 2023.

In 2024, the SCY season will be extended into June to leverage the excitement of the 2024 Olympic Trials with the USMS Nationals. Beginning in 2023, the season end and begin dates may fluctuate to include only one USMS Nationals in any given season.

Below is the list of 11 Wisconsin meets uploaded to USMS and submitted for Top 10 consideration. Note that all three courses are included. If swimmers participated in sanctioned meets outside of Wisconsin, the sanctioning LMSC is responsible for submitting the meet for USMS Top 10 and USMS Records consideration. There were no USMS records swum at any Wisconsin meet. USMS submits swims from USMS sanctioned events to FINA for Top 10 and World record consideration. Only meets from sanctioned events are eligible for FINA Top 10 and World records, and then only from SCM or LCM meets. For a recognized event, the swimmer is responsible for submitting their times and all documentation to the LMSC Top 10 recorder for submission to USMS Top 10 consideration unless USMS announces that USMS will process the event as is usually done with several major recognized events, i.e., YMCA Masters Nationals or other really big recognized events.

The LMSC Top 10 recorder is the last person in the LMSC to work with the meet data. It is important that every meet director ensure that the official results from the meet are complete and without error. This complete and correctness of results must be done before the meet is finished and everyone has left the meet. If there is a problem with names and results and lanes, the meet should be stopped at that point and all corrections applied. My point is that it is OK to stop the meet and correct the issues before resuming competition. Remember this procedure, stop the meet and fix the problem before continuing with any more competition. Meet documents and electronic files must be kept by the meet director for two years.

Coaches Chair – Fred Russell

I received a request for information to start a group in the Appleton Area. Copies of my workouts were emailed and I answered questions.

Regarding Coaches for National Meets, a document was prepared and sent to the WIS Regional Team giving criteria for selection.

Finally, this past year, three workouts a week were emailed to 150 coaches and swimmers. The workouts had a seasonal approach with a weekly micro cycle, and a three week recovery/adaptation cycle. (The season was from September 2021 through April 2022). (The planner used for this season was very similar to the 2018 Championship Planner except for the Distance Group who "rested" later).

Going forward, the mailing list will be shortened with swimmers who have requested the workouts.

I will remain a resource for swimmers and Coaches.

### Registrar – Peter Allen

#### **454 Registered Swimmers (up 13% vs. 2021 but down 15% vs. 2019)**

*(see long-term trend of registered swimmers in attached graph)*

Notation used below to show trends: (2022, 2021, 2020, 2019)

#### Male/Female breakdown

- 216 men (**216**, 190, 235, 270)
- 238 women (**238**, 211, 245, 264)

#### Clubs

- 326 (72%) registered under WMAC (**72%**, 72%, 78%, 84%)
- 111 (24%) registered UC20 (**24%**, 22%, 19%, 16%)

#### Workout Groups

- 266 swimmers (59%) are **not** registered with a workout group (**59%**, 59%, 50%, 47%)
- 15 workout groups under WMAC
- Only 3 workout groups have 20 or more swimmers (**3**, 3, 4, 5)
- Top five workout groups account for 136 swimmers (72% of members who are in WO groups)
- Top five WO groups are:
  - EBM – (**40**, 51, 61, 79)
  - WSAC – (**36**, 26, 37, 42)
  - MAM – (**35**, 24, 33, 31)
  - WFBM – (**13**, 15, 20, 24)
  - TF – (**12**, 13, 17, 21)

#### Cards

- No cards were printed in 2022 – (**0%**, 14%, 19%, 24%)

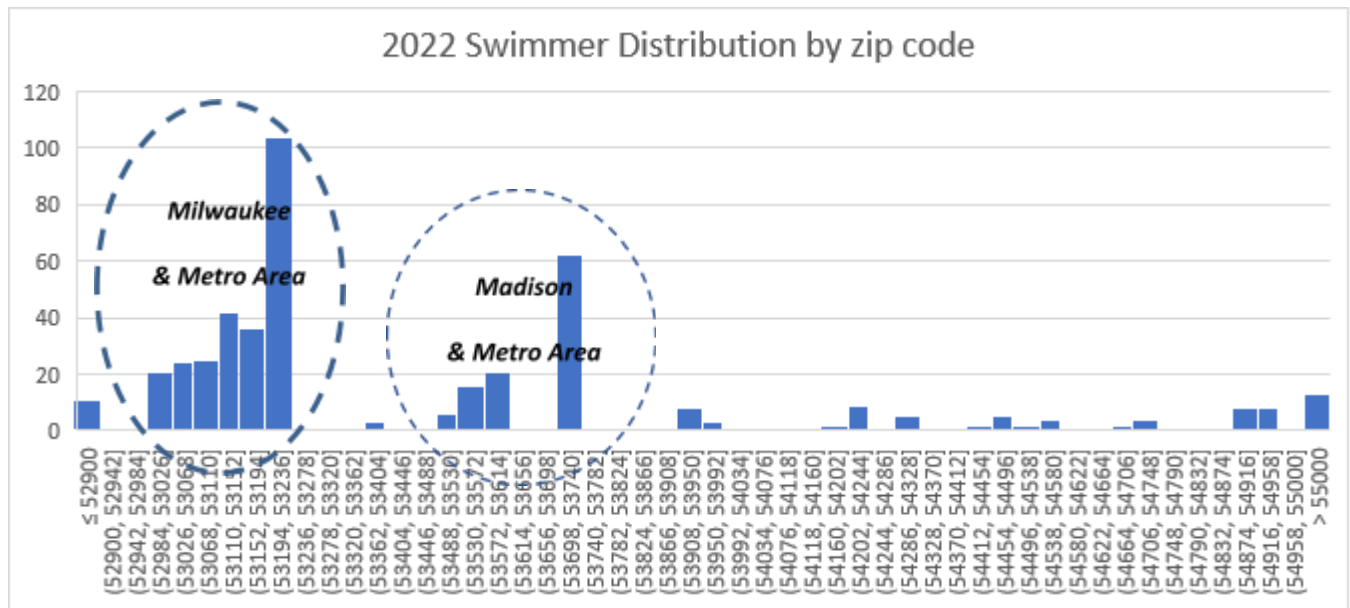

#### ALTS Instructors

- 16 Swimmers are certified ALTS (Adult Learn To Swim) instructors (**16**, 13, 15, 19)

## Registered Swimmers – long-term trend

**Key Takeaway:** Post-pandemic uptick has not returned to pre-pandemic levels (2010-2019)

**Key Takeaway:** The Milwaukee and Madison metro areas account for essentially 80 percent of the registered swimmers in the state. The Milwaukee metro area alone accounts for 56 percent of the total.

**Key Takeaway:** Compared to 2010, the median age is now about five years older for both men and women. The “older” side of the age distribution tends to be overweighted compared to the younger side. This points to the need to recruit more younger swimmers.
